

4 Seasons Interiors Ltd
Street Lane
Leeds.

23 December 2010

Dear All,

On behalf of both Lynne and myself I would like to thank you most sincerely for delivering to us our "Dream" kitchen.

I feel certain in saying that having been to EVERY potential supplier it was clear from the start that you were able to give Lynne the time and more importantly the care she needed.....our feelings have been proven correct.

Your attention to detail not just in the kitchen its self but in the overall look and feel of the area has now delivered over and above expectation.

As you know my initial fear of not being able to afford your kitchens (being a tight soul) has not materialised and I do not believe (based on other quotes for similar) that we could have achieved the result anywhere else for the same price or value.

The fitting of the kitchen has been a dream and to say your team are sticklers for detail would be an understatement....it is perfect in all aspects and it has been a pleasure to have them in our home!

We genuinely believe that we haven't just purchased a kitchen, we have made new friends and we would have no hesitation in recommending you to anyone near or far. Additionally if at anytime you wish to use us as a referral site, please do not hesitate in doing so.
